Welcome to the Progress 2019 - 2020 Catalogue.

Progress Publishers is dedicated in the field of education since 1976 by providing high quality books at very reasonable prices. It has an established track record of maintaining international standards in publishing.

Our books are well appreciated and recommended in reputed schools who value education all over. The books are written and edited by qualified dedicated teachers and professionals who are specialised in their respective fields. These books employ the most modern and proven approaches towards the shaping of young minds.

The books are updated as and when required, meeting the current standards of education. They are prepared in strict accordance with the syllabi laid down by the NCERT, CBSE, Inter State Board of Anglo-Indian Education, MATRICULATION BOARD and various STATE BOARDS.

We urge you to compare the prices before comparing the discount. We are sure you will find the prices unbelievably lesser compared to others, still we offer variable terms.

“DISCOUNT IS THE ROOT OF PRICE HIKE.”

**Understanding Mathematics**

**For Classes One to Five**

"Understanding Mathematics" is to learn mathematics in a happy and useful experience. The essential features of this series are:

- simple language, easy to understand, followed by attractive illustrations.
- latest syllabus prescribed by National Council of Educational Research and Training (NCERT), Indian Council of Secondary Education (ICSE) and Matriculation Board.
- "Maths Lab Activity" is given for better understanding of mathematical concepts and to develop a culture of learning outside the classroom.
- involve closer interaction between the learner and the teacher. Children are treated as participants in learning and not as receivers of a fixed body of knowledge.
- Multiple Choice Questions (MCQs) form the basis for future competitive examinations.
- serve to attain the aim of education children-oriented and related to their life in and outside the school.

New Syllabi Environment is a series of five books on Environmental Studies for the Primary classes. The books for classes 3 to 5 are based on the NCERT syllabus as per the guidelines given in the National Curriculum Framework (2005). The books for classes 1 and 2 have been prepared as an introduction to the NCERT New Syllabus for classes 3 to 5.

Key Features:
- Learner’s friendly approach related to everyday activities.
- Helps develop awareness and understanding among the fellow beings, the natural resources.
- Helps develop competency and skills of observation, estimation and experimentation.
- Helps become a responsible individual at home, at school and in the neighbourhood.
- Simple easy-to-do activities and projects to enhance the creativity and critical thinking of young learners.

As per CISCE Curriculum, released in November 2016

Key Features:
- Various themes have been covered in the books enabling children to work towards their all round development.
- Ample exercises have also been provided for better learning and understanding of the concepts.
**Term-wise Books**

Florence Series term-wise books for Classes One to Four is a set of a three books for each class. The curriculum for the entire year has been divided into Three Terms. Each of these Term Books comprises the core subjects English, Maths and Environmental Studies (Science and Social Studies). This series aims at reducing the burden of a primary school child’s school bag as per the latest guidelines prescribed by the various boards.

**Personality Development through Value Education**

For Classes One to Ten

The National Curriculum Framework 2005 has highlighted the values of democracy, equality, justice, freedom and concern for others’ well-being, secularism, respect for human dignity and rights which provide perspective to the goals of education. This series is based on this concept of education for covering all these values.
